

## JULY STEERS MINUTES

July 15, 2023

First item of business was the upcoming retreat. Jacque is heading that and the information is online. It will be at Chipeta February 23 & 24.

Sharon will ask for volunteers for the Art Fest. If there are none, AQuA will skip this year.

Sharon would like to switch the August program to a discussion of batting. She has invited the members to her home for a potluck and show and tell in September. October is the turn in for the challenge. November will be a program on beading.

The excess monies from the Mollon workshop were excessive. There will be a discussion at the meeting to see how the members feel about handling the overage.

Members will be asked to vote on paying extra to have meetings upstairs at the Community Center.
