

## JULY STEERS MINUTES

Survey results concerning Vicki Conley's workshop did not indicate enough interest to reschedule her at this time. Refund checks will be available at the July meeting.

Bev is working on our next workshop. Lisa Flowers Ross will offer an abstraction workshop May 20-22, 2025. A venue needs to be secured. Linda suggested the Clifton Library and will check on that.

Becky reported a current balance of \$16,357.66. The refunds from the canceled workshop will be subtracted from that.

Member workshops need some way to gauge interest so that the presenters know how many people to prepare for.

There was a discussion of the situation regarding slats for hanging work. Mary and Linda will bring examples and give details for those who need it. There are instructions on our website.
