

## STEERS MINUTES MAY 8, 2024

There was a brief discussion of the workshop refund policy. No action is required at this time.

Becky reported that our balance stands at \$13,768.66 after a check from City Market for \$198.82. She is responsible for depositing a small amount of cash when there are non-members at a Zoom program and when members are assessed a small fee for various purposes. It was decided that there is no need for providing receipts for these small amounts. Becky volunteered to write a letter of Welcome to our new members.

May's meeting will be the turn-in for "Wild and Wacky". Final payments for the Vicki Conley workshop are due. There is a rust workshop at Bonnie's after the meeting, led by Julia.

June's meeting will be at Sharon's and is a Dye Party. Members will arrive at her home around 10 on June 20.

Mary led the Steers through a line-by-line revision of our By-Laws. These will be looked at again before presenting to the membership in July and voted on at the August meeting.
