- Jurying process discussed after some AQuA members voiced some negative concerns about this years jurying process. Bev brought all the judges reviews and Juror's statement about AQuA's theme. She also highlighted the positives on each entries feedback, identifying each had positive reviews. It was also identified that this year's judging was different from prior years due to the judges art background vs a quilting background and how that plays into the results. Members may not know these differences. Also this year's judging was a in person vs photo judging.
